NEW INTEGRILL SYSTEM ★★★★

★★★★

Our new cooking grid design prevents fat from dripping directly onto the burner achieving no heat loss, for more efficient cooking.

NEW COOKING GRID
Less smoke = less CO2
No heat loss
Less flare ups
15% less gas, faster cooking
No flame tamer

Burner

Go Green
for a healthier choice in barbecuing

TRADITIONAL SYSTEM ★★★★

★★★★

A traditional system requires flame tamers to prevent fat from dripping onto the burner, this results in heat loss, flare ups, and smoke.

COOKING GRID
More smoke
15% heat loss with flame tamers
Flare Ups
Flame tamer to prevent fat dripping onto burner

Design by **PORSCHE DESIGN STUDIO** **X-Series 2**

Fine-tuned to the last detail, the X-Series 2 represents the crème de la crème of outdoor kitchens. A dynamic design and fantastic functionality challenge the cook (or should we say, chef) to push back frontiers and create new taste sensations.

The X-Series island set, which was developed jointly with Porsche Design Studio and Porsche Engineering Group GmbH, has plenty under the hood - it is equipped with no fewer than 4 Crossray® infrared burners, a built-in rotisserie motor (and stainless steel rotisserie included as standard), and an LED control panel, digital temperature meter and a beautifully finished hood construction.

Heating

Tease your senses

grandhall[®]
living style

Heat**basic**strip

The Heatbasicstrip and the Heatdesignstrip are economical, ultra thin, ultra effective without harsh red light. They are modest in size, but they offer fantastic performance.

Available in 1500W and 2400W.

Heat**design**strip

Expected in March 2012

Keep your friends hot!

Current Heatstrip still available in three sizes: THH1500W, THH2400W and THH3200W.

TOTUM™ HLS

The Totum HLS teases your senses with mood changing lighting, a concealed speaker system and an iPod interface. This revolutionary terrace heater enables you to enjoy the outdoor life through all seasons of the year.

HEAT LIGHT SOUND.
